TextMyGov Announcement

The Town of Vernon is excited to announce an important enhancement to our TextMyGov smart text messaging service, designed to keep residents better informed about local events and emergencies.

We are pleased to announce that effective **March 25, 2026** we're introducing location-based text messaging that delivers targeted notifications to specific neighborhoods, streets, or areas within Vernon. This new feature will provide timely alerts about:

- Road closures and construction updates
- Emergency shelter-in-place orders
- Neighborhood-specific events and meetings

Residents with mobile phone accounts linked to the Vernon area via mailing address, may receive a text message from **91896** from the Town of Vernon initiating the service. You can choose to opt out at any time by texting **STOP**.

For Current Subscribers:
If you already receive TextMyGov messages, no action is required. You'll continue receiving all current notifications.

How to Join:
If you don't receive the initial message on **March 25, 2026**, you can choose to opt-in by:

- Texting the keyword **VERNON** to the number **91896**.

Residents may receive notifications for **events, meetings, road closures,** etc.
After sending the initial keyword, you will be asked to reply "**YES**" to confirm opt-in.

We are excited about this way of communicating with residents and we look forward to sharing important Town of Vernon notifications. Other governmental entities across the country use this system with great success. Stay informed, stay ahead.

Sincerely,

Randy Watson
Supervisor, Town of Vernon
